

Amir Peleg, Founder and CEO of TaKaDu Ltd.:

"FYI provided TaKaDu with a high-quality competitive market study about possible competitors as well as conducted a project for lead generation.

FYI offers a unique combination of high professionalism ('everything has to be perfect'), many years of experience (which is essential in such projects), and it is coupled with the personal touch of Sarry & Shahar (who can feel and understand the needs). The tailor-made reports of FYI helped our company TaKaDu in decision-making processes.

In short - highly recommended!"
